

UNIVERSITEIT VAN AMSTERDAM

A multi-actor survey on adult children and their parents in the Netherlands: Codebook of the OKiN survey

Matthijs Kalmijn, Katya Ivanova, Ruben van Gaalen, Suzanne de Leeuw, Kirsten van Houdt, Frederique van Spijker

In progress

Report
Amsterdam, University of Amsterdam
The Hague, Statistics Netherlands

THE DATA AND THIS CODEBOOK SHOULD BE CITED IN ALL PUBLICATIONS AS FOLLOWS:

The codebook:

Kalmijn, M., Ivanova, K., Van Gaalen, R., De Leeuw, S., Van Houdt, K. & Van Spijker, F. (2017). *A multi-actor survey of adult children in the Netherlands: Codebook of the OKiN survey*. Report. Amsterdam/The Hague: University of Amsterdam/Statistics Netherlands.

The dataset:

Kalmijn, M., Ivanova, K., Van Gaalen, R., De Leeuw, S., Van Houdt, K., Van Spijker, F., Moonen, L., & Woolderink, M. (2017). *Ouders en Kinderen in Nederland (OKiN)*. [Parents and Children in the Netherlands]. Public use dataset. CBS/DANS/University of Amsterdam.

TABLE OF CONTENTS

1. The purpose and design of the OKiN

- 1.1 Purpose
- 1.2 Design
- 1.3 Contributors and acknowledgements

2. Content: concepts and questionnaires

- 2.1 Main concepts and limitations
- 2.1 Anchor questionnaire
- 2.2 Alter questionnaire

3. Fieldwork

- 3.1 Sample frame
- 3.2 Fieldwork
- 3.4 Response rates

4. Data sets

- 4.1 Data sets
- 4.2 The logic of the variable names
- 4.3 Which variables for which persons
- 4.4 Register variables
- 4.5 Constructed variables
- 4.6 Constructed scales

5. Matching anchors and alters

- 5.1 Linking alter and anchor at the family level
- 5.2 Finding the anchor child in the alter data
- 5.3 Finding the alter parent in the anchor data
- 5.4 Ethics

Appendices

Questionnaires + routings + variable names [Dutch; with routings in English]

Condensed Stata codebook [English]
